**Open Confession.**

"The record made in Hocking County during the past ten years, by office holders, in handling the public money so recklessly, has been an object lesson to our people and especially to our tax-payers."—Journal-Gazette.

At last the Sands organ has come out and admitted that republican rule in Hocking County was most reckless. It is a fact that the past ten years in Hocking County has been the time and the only time that republicans were in evidence in the offices of our county. The Journal-Gazette says "THE OFFICERS of this county were reckless in the past ten years." Was Judge Weitzel reckless in spending public money, was Sheriff Ryan reckless, was Auditor Bay reckless, was H. J. Woodworth reckless, was Andy Voris reckless, was Jesse Williams and Carl Webb, who controlled the board of Commissioners for 3 years, reckless, was Bob Price reckless, was Infirmary Directors Spurr and Wallace reckless, was Coroner Kinzer reckless, was Dr. Lyons reckless, was Col. Sands as officer of the Court reckless, was Wm. Toole as recorder reckless, and last but by no means least was Surveyor Editor McKay reckless in the expenditure of public money? Have all these officers in the last ten years been "object lessons to our people and especially to the tax-payers." Yes, they were reckless, Mr. McSands, because you say so, and you always speak the truth. They are object lessons.

**An Opportunity for the Farmer and Laborer.**

We get good reports throughout the district from the gentlemanly manner in which candidate for representative, F. P. Martin is making his canvass. His amiable presence is a pleasure to all who meet him. A few minutes conversation with Mr. Martin reveals the fact that he is a man of high education and broad thought. In his vocation as a farmer he is practical and successful. His farmer friends recognize his ability and unanimously chose him the President of the Farmers' Institute of this county. Hocking and Vinton have been represented all the time by professional men. Doctors lawyers and teachers have always been sent to the legislature from this district. They may have been good men, but common nature would direct their attention to laws concerning professions. Lawyers were looking out for lawyers and doctors for doctors. The farmer that sweats under the rays of the midsummer sun and the laborer that toils in the mine or workshop, have never been represented by one of their co-workers. Here is a chance to vote for an active, energetic, honest farmer, who follows the plow in season and toils in the heat of the harvest field. He will look after the interests of the farmer and the laborer of whom he is one. His opponent is a doctor. He is a professional man that will look closely at a professional measure in the legislature, but who knows nothing of the needs of the farmer or the laborer. The farmer or the laborer who misses

this opportunity of supporting their own needs, if they sweat under the ban of bad legislation let them forever hold their peace and bear the whips and scorns of their bad judgment. This is an opportunity to get a representative of the farmer and labor interests, and the wise farmer and laborer will take advantage of the present. A vote for F. P. Martin is a vote in the interests of the mass of people, and not for a few.

**W. C. Channell for Sheriff.**

The race that "Bill" Channell is making for sheriff gives evidence of his metal. From every township we have good news that he has been among them and they are favorably impressed with his good presence. "Bill" Channell is certainly the man for the place. He is one of the most congenial, gentlemanly and yet positive men we have ever met. He was born in a neighbor county, but for years has been a thorough going, open hearted citizen of our county. He served some years as marshal of Murray City, and that was a test of his metal. He is built of iron nerve, and will make one among the best sheriff's we have ever had. To meet Bill Channell is to like him, and the way he is seeing the people, you will be apt to meet him. He will come out of his township with a heavy vote, and walk triumphantly into the office he seeks. No party anywhere could choose a better man for that office. Never will any body regret the vote they cast for "Bill" Channell.

**Daniel Hosler for Commissioner.**

When it was announced that Daniel Hosler was our candidate of County Commissioner, many republicans approached us and said, "You have nominated an excellent man." Our party is proud of such men as Dan Hosler. He will come out of west Hocking with almost a unanimous vote. He is a genial, honest gentlemanly farmer, that has a host of friends at home, which is a man's best voucher. If a man holds the surrounding community as his friends, he comes from his home well recommended. This is the case with Dan Hosler. He is not only a good farmer, but a good thinker. He is judicious in public affairs and will make a good Commissioner. He is not pretentious, boisterous or blustering. When you meet him you will shake hands with a quiet eventempered gentleman of goodly presence, whom you will admire as a man and a friend. Vote for Dan Hosler for Commissioner. Inquire about him and you will hear nothing but good of Dan Hosler.

**W. S. Tucker for Infirmary Director.**

W. S. Tucker is our candidate for Infirmary Director. He served one term and has the distinction of saving this county more money in that time than his salary amounted to. He did not exact it off of labor, but to the contrary was always the man to stand for paying good, round wages for help, and for commodities about the institution in his charge. But he saved the money by watching exorbitant bills for unwarranted medical attention and bills of other counties against us for the care of our poor. He set his foot down on the county being robbed and the courts sustained him, and the people will sustain him this fall. We have this to say honestly of Wes Tucker, regardless of political or religious affiliations, that he made one of the best Infirmary Directors that Hocking County ever had. The people appreciate him and will return him to that board this fall. A vote for Wes Tucker is a vote for honest administration at the Infirmary and Orphan's Home.

**D. M. Kanode for Recorder.**

We wish to write up the cause of D. M. Kanode our candidate for County Recorder for a reminder to his many friends and acquaintances. If they will stop and think a moment he will get the votes, and we are here to remind them. Mr. Kanode will probably be elected by the largest majority of any man on the ticket. His election will be a sweep. He probably has more intimate acquaintances in Hocking county than any other one man. Was for two terms Clerk of Falls township and made a most excellent officer. He is fitted most thoroughly for the place of Recorder. A careful man, a good penman and an accommodat-

ing gentleman. He may not get around to see you in this campaign because of his being crippled up, but you know his good will and hearty thanks are yours; you can help him and if you cannot, you will find David Kanode your friend anyhow.

**W. F. Bowen for Auditor.**

For County Auditor, W. F. Bowen. That is the way it will read on the ballot and that is the way it will read for the next three years. Billy Bowen has made a most efficient Auditor. Every man that has had dealings at the Auditor's office have found him pleasant and accommodating, and when transacting business he is careful and exact. The office of auditor of a county is very important and Mr. Bowen has had the experience to make the tax affairs of our people in good hands. He has served one term and having served it well the people have confidence in him and will return him to office. He has fought the fight for the tax-payers and has made owners of valuable franchises come up with their share of public expense. Vote to re-elect Billy Bowen and your public affairs will be in good hands.

**Daniel Heft, Dead.**

At last death comes to the relief of our aged and respected citizen Daniel Heft at the great age of 85 years. His life for many months has been a great misery to him, and he prayed for death to come to his relief. On Monday October 14th his soul winged its flight. Daniel Heft was born in 1816 in Fairfield County, but in early manhood moved to Logan. He has for fifty years been identified with public affairs in this city. Served 25 years as trustee of Falls township, 10 years as coroner of Hocking county, and all his life was either in the city council or on school board. He was a prominent democrat and was an interesting and familiar figure at all elections working for his party. His business was that of a plasterer, and he made much money and accumulated considerable property. Another of the old land marks of Logan has been cut down and is no more. A genial, jolly old gentleman; a life time moving spirit in Logan has gone to his reward. May he rest in peace. The funeral service took place at the home yesterday afternoon, Rev. White officiating assisted by Dr. Steward.

**JUDGE REEVES**  
**Will Have no Opposition for Re-election.**

[Lancaster Gazette.]  
At a meeting of the Republican Judicial Committee of the First Sub-division of the 7th Judicial District held at the Republican headquarters in Lancaster, all counties being represented, it was reported that there was a general sentiment in each county favoring the nomination of Judge McCleery, of Lancaster. The Judge, however stated that he could not make the sacrifice of his business interests, which a campaign would entail, and could not therefore accept a nomination if tendered. After a full consultation, there being no other avowed candidates, it was decided to dispense with the calling of a convention and the nomination of a candidate. The time for filing certificates of nomination expires Thursday, consequently Judge Reeves will have no opposition as a candidate for reelection.

**Halstead's Warning.**

CHICAGO, SEPT. 21, 1901.  
TO THE PUBLIC:  
I am writing the "Illustrious Life of Wm McKinley Our Martyr President," and hope to make it worthy. There is advertised another "Life of McKinley," entitled "Life and Distinguished Services of William McKinley," retailing at \$1.00 alleged to be by me. I prepared a campaign publication six years ago regarding the Republican candidates for president and vice-president. I understand it is undergoing further change and purported to be my "Life of McKinley." I have had nothing to do with it since 1896, and want this clearly understood. It is a back number and I trust will be looked upon as such. MURRAY HALSTEAD.  
The above "back number" is being hawked about our town and county at \$1.50. Halstead has no history of McKinley. The argument that Halstead has written a history of Lincoln, Garfield, McKinley and anarchy is false. There is only one history of this kind and that is "Our Martyr Presidents," by John Coulter and Senator Cullum. This book can only be had by authority of Billy Acker. A word to the wise is sufficient.
